Public Comment Period:

- Ovid Jensen was concerned about the condition of Partridge Dr. The roads got cut over the weekend. Discussion on how to fix that road, it was built up in 1968, there was that slimy gravel put down like on a lot of other roads, it since has gotten more gravel. It's tough to cut the edges and will have to reshape. Slope recommended is 4% grade, per Brandon Partridge says 2-3%. After further discussion, David made a motion to have Brandon pick a section of the road use a Harley Rake to grind 3-4", add gravel then roll it. 2nd by Scott. Motion carried 3-0. While Brandon remained at the meeting he is going to brush cut the ditches on the N ½ of the township. Ditching of Tim Loew's is still needed, waiting for Tim to sign something giving us permission.
